

Sacred Heart College embraces the collaborative tools of G Suite for Education. G Suite for Education is Google's suite of free productivity tools provided without ads to R–12 and higher education institutions around the world. G Suite for Education has been used across the College since 2014. For further information about G Suite go to https://edu.google.com/?modal_active=none

The College supplied **Google account** is the primary method of content creation, storage, submission and communication for student work while at Sacred Heart College. New students will be given their College **Google Account** on their first day of lessons.

Champagnat Campus (Students in Year 7, 8, or 9)

Champagnat students are required to bring a Chromebook as part of their day-to-day school requirements. The purchase of a Chromebook will be the responsibility of the parent/guardian and must be completed using the **SHC Device Portal** <http://portal.lwt.com.au/shc>. Please note that Chromebooks cannot be purchased at the College. The **SHC Device Portal** offers extended on-site warranty options as well as carry-bag options.

Marcellin Campus (Students in Year 10, 11 or 12)

Marcellin students are required to bring a digital device as part of their day-to-day school requirements. **The College recommends that students bring a Chromebook as it delivers all operational requirements at a low price.** The purchase of a Chromebook will be the responsibility of the parent/guardian and can be completed at the **SHC Device Portal** <http://portal.lwt.com.au/shc>. Please note that Chromebooks cannot be purchased at the College. The **SHC Device Portal** offers extended on-site warranty options as well as carry-bag options. We understand that some students may prefer to bring an alternative device, in which case that device must meet the following requirements:

- Runs one of the following operating systems
 - Microsoft Windows 10 or later (excluding Windows 10S)
 - OS X 10.9 Mavericks or later
 - Chrome OS (Chromebook)
- 5GHz WiFi network capable (this condition is met if the device lists 802.11ac compatibility)
- Runs a current version of Google Chrome (internet browser)
- Runs a current and supported anti-virus software
- Can install a trusted root certificate. This is to allow internet filtering while at the College.
- Survives all day on a single charge. Chargers are not to be brought to the College for use during the day.

The device must be in good working order. All components of the device must be operational and the operating system must be well maintained to allow efficient and effective use.

Accessing the Portal via the College Website

Direct access to the **Device Portal** can be achieved by using the following link:

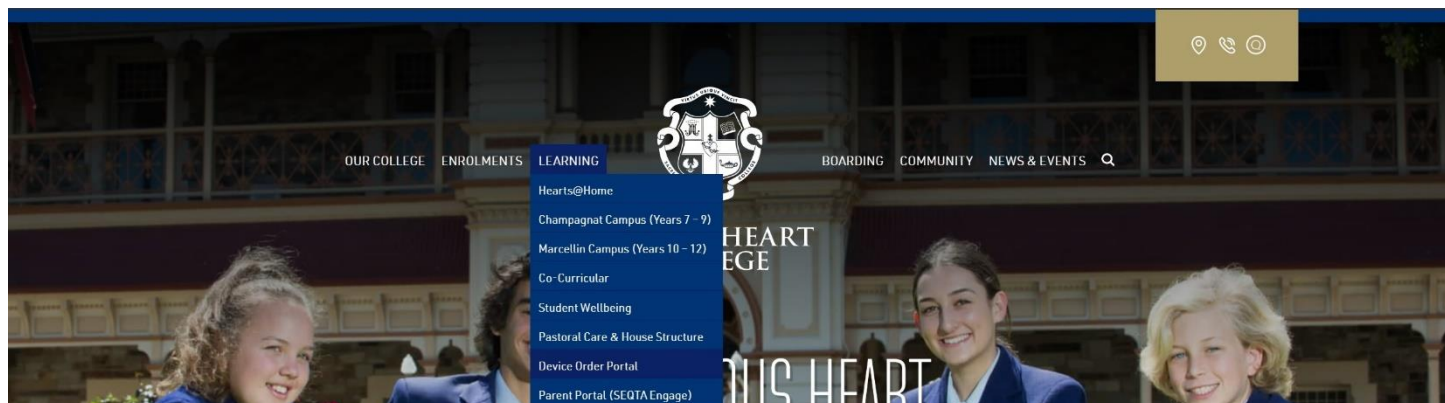

<http://portal.lwt.com.au/shc>

To access the **Device Portal** via the College website, follow the instructions below:

STEP 1: Go to www.shc.sa.edu.au

STEP 2: Click on **Learning** tab as shown below.

STEP 3: Select **Device Order Portal** from the **Learning** tab menu:

STEP 4: From the **Device Order Portal** page, click on the given link to access the **Device Portal** to purchase a Chromebook / extended warranty / carry case.
