

Sacred Heart College is a community where Jesus is known and loved and the dignity of each person is respected. Our Child Safety Code of Conduct is a high-level statement of professional boundaries, ethical behaviour and positive relationships. The wellbeing of all children in our care is central to who we are as a community. Our Child Safety Code of Conduct is designed to protect children from harm by being transparent, practicable and accessible. Our Child Safety Code of Conduct outlines appropriate standards of behaviour for all members of our community. It serves to protect our children, reduce any opportunities for abuse or harm to occur, and promote child safety in the College environment. It provides guidance on how to best support students and how to avoid or better manage difficult situations. As guided by the SA Catholic Schools Enterprise Agreement, where a staff member breaches the Code, Sacred Heart College may take disciplinary action, including in the case of serious breaches, summary dismissal.

Sacred Heart College has the following expectations of behaviours and boundaries for all teaching staff, non-teaching staff, council members, volunteers, third party contractors, external education providers and parents/carers.

Our Child Protection Program includes Protective Practices and Student Professional Boundaries Policy and a Staff Charter that provides detailed guidance for all members of our community on how to develop positive and appropriate relationships.

Reporting Concerns

Our Program provides detailed guidance for members of staff, the Advisory Council, and Direct Contact Volunteers as to how to identify key risk indicators of child abuse and how to report child abuse concerns to one of our nominated Child Protection Officers. It contains detailed procedures with respect to the reporting of child abuse incidents to relevant authorities.

Third party contractors, external education providers, indirect contact volunteers, students, parents/carers or other community members who have concerns that a child may be subject to abuse are asked to contact one of the College's Child Protection Officers. Communications will be treated confidentially on a 'need to know basis'.

Communications will be treated confidentially in support of the dignity of the individuals involved. Whenever there are concerns that a child is in immediate danger the Police should be called on 000.

A copy of the Child Safeguarding Policy and *Protective Practices for Staff in Their Interactions with Children and Young People* (SA Government, CESA, AISSA) are available on request.
