

Attention Year 12 students, STEM Coordinators and teachers

1st Year uni scholarships SA rural & regional students

Six Playford Trust Science and Engineering Scholarships of \$4000 each will soon be available for outstanding students from rural and regional South Australia who are planning to study 1st Year STEM subjects at one of the State's three public universities in 2023.

The funds are intended to help cover the additional expenses associated with living and studying in Adelaide, and being removed from the usual level of family support.

We're looking for promising students with good academic records – and preference will be given to those with leadership potential.

Applications open 13 October 2022 and close 20 January 2023.

Find out more – Go direct to application details and online forms by clicking [here](#)

That's not all! Find out about other 2023 scholarship opportunities for current Year 12 students by visiting our [Scholarships page](#) and clicking **1st Year**.

Each year the **Playford Trust and its partners** provide support for undergraduate, residential, Honours, Masters and PhD students working in the following areas of strategic importance to the State:

- Agriculture, aquaculture and food production
- Environmental sciences
- Advanced manufacturing and new technologies
- Health sciences and new technologies
- Mining and resources development.

Feel free to contact the Trust on 08 8429 5220 or at email us via admin@playfordtrust.com.au
