MARIST SCHOOLS AUSTRALIA

Our Marist mission calls us to 'go to the margins' and 'be a beacon of hope in a turbulent world' to ensure that every child can claim their right to education.

Our Australian Marist community has a proud history of supporting the education of vulnerable young people across our region. The Marist Brothers were amongst the very first Catholic communities to educate young people in the Pacific region. They have left legacies of schools and programs transforming lives and communities through the power of education.

Each year through our Marist international development agency, Australian Marist Solidarity (AMS), we work with local grassroots communities to support thousands of young people across the Asia Pacific region to access education. Without the support of AMS, these vital opportunities would not be possible.

We invite you and your family to be part of this community of change-makers and make a contribution to ensure that the dream of education becomes a reality for even more of our young neighbours. Donation details are included below and are tax deductible.

Yours in solidarity,

Dr Frank Malloy
National Director
